

Digital Photography Personal Project

rev May 2013

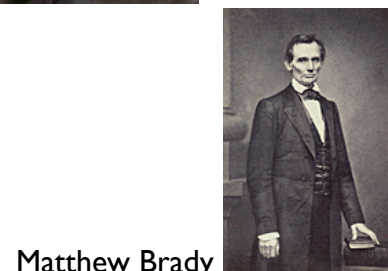

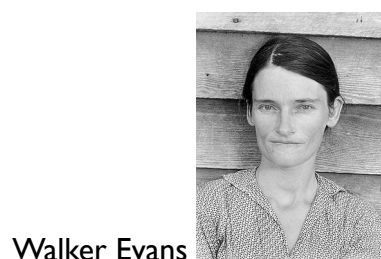

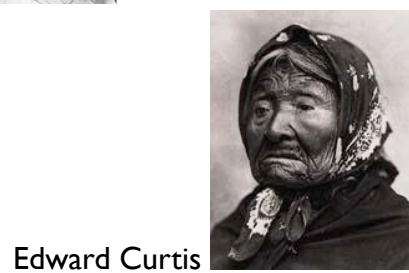

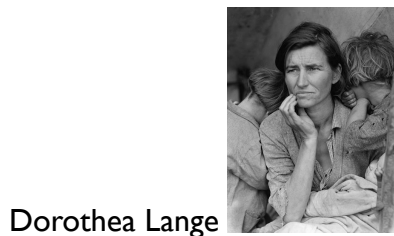

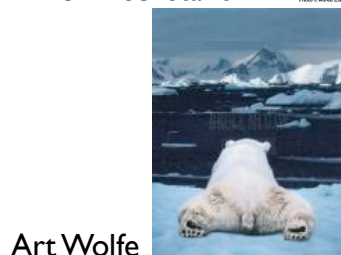

Write a proposal for a digital photography project you will work on over the next few weeks.

You may choose one of my suggestions OR select your own. This will give you a chance to focus on an area of photography that you are interested in, want to improve on, or share your expertise.

All projects will include printed and written work. More grading info below.

Suggested Projects

- *Change Over Time* - should include a significant amount of outside of class time
 - take a series of photos at approximately the same time every day. This could be in the same place OR where you happen to be at the given time daily.
 - You could also take a picture of a certain object every day, near the same time, to show how it changes over time.
- *Research Report* - must include your version(s) of researched work.
 - *photographer* - write a report / create a presentation about a famous photographer. The photographer must be appropriate for a Christian school environment. Suggestions are:

Digital Photography Personal Project

rev May 2013

- *type of photography*

x-ray

space

travel

architectural

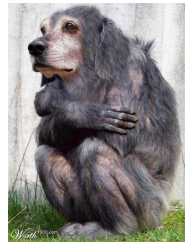

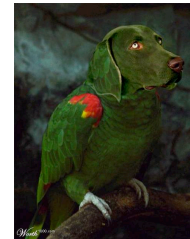

sports

- *Technique*

- Work in Photoshop (a few copies of Elements available in class) to create group of before/after edited images.
- Work with the special features on your camera.
- Create a tutorial
 - camera use
 - camera technique
 - camera care
- *Copy** a set of photos from someone famous. (*but make it your own).
- etc...
- *Alphabet or word photographs*

This will be a PROJECT grade, worth 50 pts

5 points	proposal (must be included with final for full credit)
15 points	written description of process
15 points	written reflection on project
10 points	student photography
5 points	overall presentation of completed project
